

Pennsylvania Dedicates State Park At Gouldsboro

300-Acre Lake Part Of Property

GOULDSBORO — Democratic Gov. George M. Leader yesterday officially dedicated a new State park and praised a former Republican governor in doing so.

Gov. Leader came to this area to officially open the new Gouldsboro Lake State Park, a 300-acre lake with access roads, beach area, picnic tables, boating facilities and bathhouses.

In a statement released in conjunction with the dedication, Gov. Leader said:

"I hope that this Administration will go down in Pennsylvania history as the second Administration really concerned with conservation. Gifford Pinchot's Administration was the first; we are proud to follow in his footsteps."

Pinchot was a resident of Milford, Pike County. He achieved national fame as one of the leading conservationists. As a Republican governor of this Commonwealth he served two separate terms—the first from 1923 to 1927; the second from 1931-35.

Governor Leader told the park audience that "only through bipartisan cooperation can we accomplish what must be done in most areas of State government."

"It doesn't make a bit of difference to me what a man's political affiliation may be if he is the right man for the job—and if he does his job well," he said.

J. Horace Strunk, executive secretary of the Pocono Mountains Chamber of Commerce and the Vacation Bureau, was master of ceremonies for the program.

Strunk brought down the house as he began reading of a list of formal introductions. All of them began with the phrase "The Honorable."

Humor

After reading four or five, Strunk said with a chuckle and a broad smile: "Let's just take it for granted that all these men are honorable and get on with it."

Gov. Leader threw his head back and laughed loudly as the rest of the audience joined in.

Second main speaker on the dedication program was Dr. Maurice K. Goddard, secretary of forests and waters. Under Dr. Goddard's direction Leader's program of park expansion calls for 13 new State parks.

Two other State parks—in Little Pine, Lycoming County and Hills Creek, Tioga County—were also opened yesterday.

Dr. Goddard praised the Governor's "enlightened and informed leadership."

He reserved high praise for Eugene MacNamara, district forester and Herbert Altomere, park foreman. All work at the

Ike Shakes Hands With 216 Fighters

WASHINGTON (AP) — President Eisenhower shook hands with 216 great fighters yesterday and said he hoped they would help him fight for his defense reorganization bill.

The President greeted that many winners of the Medal of Honor, this nation's highest military award, in the sun-drenched rose garden at the White House.

"Because you have been such great fighters, I am quite certain that all of you feel a great compulsion to be a fighter for peace," Eisenhower said in an informal talk.

Addressing veterans of the Boxer Rebellion of 1900 and the Mexican campaign of 1914 as well as the heroes of later wars, Eisenhower said: "Each of you occupies a very special place in the admiration and in the affections and respect of America. You have offered on the field of battle the very most that can be offered in defense of those ideals and those principles on which America stands."

Prevent Waste
The President coupled the nation's economic and military strength and said that to prevent waste, and hence weakness, "we must have in our military forces real unification of purpose, real unification of organization and of direction."

"That great reform is, I believe, on the threshold of accomplishment," he said. He referred to a reorganization bill approved by the House Armed Services Committee which "with certain specific and important exceptions will be most satisfactory."

SEVEN CENTS

Leader Breaks Ground For Thruway

Governor Enjoys Visit To Pocono Mountains

By Leonard Randolph
PENNSYLVANIA'S Governor sang "Witch Doctor" with a seven-year-old girl yesterday and had a great time doing it.

The impromptu duet may never put the Ames Brothers or The Everlys out of business, but it was a high spot of the day for Debbie Kanych.

It was also something of a triumph for Governor Leader. He managed to remember more of the words to that improbable chorus than most men do.

It would also seem to be a part of his triumph that he was just as much "at home" with Debbie as he was with Lew Stevens or Maurice Goddard or Jesse Flory or any of the other officials who could be seen with him during his visit to Monroe County.

George Michael Leader seems to be comfortable with many people — and with kids of all kinds.

From the moment he arrived at Mount Pocono Airport yesterday morning to the time five and one half hours later when his car left Stroudsburg Cemetery, Governor Leader was a busy man working at the job he does well — meeting and talking with people.

When the brief talks at the Thruway groundbreaking were over, he moved down into Charlie Dellaria's beautifully trim and green backyard to turn over the first spadeful of dirt for a new superhighway.

Joseph Ciampi, Monroe County highways department superintendent, handed him a gold

painted shovel.

George Leader poised the shovel, made a hefty thrust with his foot on its rim. There was a slightly metallic thump. The shovel had hit rock.

Less sensible men might have been flustered by that. There is a tendency among routine officials to become perplexed when the slightest step in a plan goes awry.

George Leader lifted the shovel, glanced at the rock and moved around to a 90-degree angle from the point where the first thrust was made. In so doing he presented his back to a cameraman or two, but he made it plain that he was interested in the job at hand—getting a shovelful of dirt out of a solid hunk of ground surrounded by rock.

A moment later he lifted the thick, heavy clump of turf, brushed his hair back from his eyes for the second time and smiled at the applauding crowd.

"Haven't you folks had any rain up here? Really, folks. I'm in good condition. It's these rocks."

The crowd loved it and laughed and when he did the whole thing over again for the benefit of photographers, they applauded him again.

When the pictures were taken (there were no less than three dozen amateur "home camera-men" who wanted shots, too) he was introduced to Charlie Dellaria.

"I want to thank you for all that you've done, letting us hold the program here and for all your cooperation. I've only

got one complaint," Leader said with a grin. "You've got rocks under your grass."

As his party moved out to join the Memorial Day parade, the Governor stopped, briefly, to say hello to Rita Kern. It was Mrs. Kern's husband, State Trooper Alex Kern, who chauffeured the Governor's party from Mount Pocono and back again.

Midway through East Stroudsburg, a problem was solved. Riding along, Hal Swenson caught sight of a convertible. He got out of the closed car, went and talked briefly to the convertible's owner.

He was Stephen Kanych, 196 Analomink St., East Stroudsburg. Kanych offered the use of his car and said he would be "greatly honored" if the Governor would use it. Kanych and his wife rode in the Governor's car.

And that's where seven-year-old Debbie Kanych came into the picture.

On their way through East Stroudsburg, Debbie made Governor Leader acquainted with at least half of the child population of the borough. She knew most of the kids and both she and the Governor had fun waving at the people on the way.

In Stroudsburg, at Seventh and Main, there was a hurried conference between the Governor and his advisers. Henry Leader, the Governor's brother, and executive assistant, had talked with his pilot John "Red" MacFarland. "Red" said the flying weather was fine but he hoped the party could get started back on schedule.

"Schedule" in this case was 3 p. m. They were already late. Governor Leader looked at the clock. Look, he said, I promise to be here at 3 p. m. I promise to be here at 3 p. m. I promise to be here at 3 p. m.

Back in the convertible, Debbie started to hum a little. "Come on, let's hear you sing that song again," the Governor said. Debbie went right into the vocal. And on the next chorus, Governor Leader joined in. None of the people along the street could hear them, but to the people in the car it was obvious that here was a man accustomed to hearing young people's songs and singing them.

Between Ninth and 10th Sts. on Main a boy with a camera yelled: "Hey! Over this way!" And George Leader obligingly whipped his head around. The boy said: "Thanks, Governor."

And the Governor said: "That's okay. Maybe next time if I'd get my hair out of my face you could see me."

On the new bridge on W. Main St., a young boy began walking along beside the slowly-moving car. "What's your name?" George Leader asked. "John," the boy replied. "What's your last name?" "Hay," the boy said.

Before the convertible had turned in at the drive into Stroudsburg Cemetery, John and Governor had discussed school (Johnny said he was in the second grade), how he liked it (Johnny said it was okay), Johnny's grades (Johnny said they weren't all A's and they weren't all B's) and what to do about it (Johnny promised he'd try to get up around the straight A mark).

At the cemetery there was another conference but the Governor's advisers lost that round, too. He wanted to stay for at least part of the program, and he did.

When he walked down the gravel drive to the car and got in, Governor Leader was still busy talking to a passerby who wanted to tell him something. And just after he'd gone, a woman said she wished she'd gone up and shaken hands with The Governor because she thought he'd done a wonderful thing appointing Harry Shapiro and in mental health work.

Henry Leader and Hal Swenson can thank their lucky stars Governor Leader didn't hear the comment.

It might have taken them another 20 minutes to get The Governor away from people and into that car.

Area Pays Tribute To War Dead

THEY WERE like soldiers anywhere "taking a break."

Between the marble and concrete headstones at Stroudsburg Cemetery, the men of Company F and Company G sat listening to a ceremony honoring men — just like themselves — who had died in half-forgotten battles.

The olive drab helmet liners concealed their faces. They lost some of their identity in the suddenly-hot afternoon.

There were other things about the service which many men and women in the crowd could have recognized as something familiar.

The hurried rag on the cigaret when the memorial speech neared its end. And the way a man field-strips a butt the way he's told to do so it won't go on burning and it doesn't clutter up the area.

The soft-staccato bark of the sergeant's voice: "On your feet!"

The shock of gunfire which somehow never ceases being an unusual sound in your own community where you don't expect a half-dozen rifles to fire at one time.

For the men of the National Guard and for the others who took part in the annual Memorial Day parade through the boroughs, yesterday was a hard day's work.

Central District
The parade "moved out" from Prospect Cemetery and through the central district of East Stroudsburg. Co-chairmen Earl R. Palmer and Richard Rugg were in charge of all coordination for the event.

This year, at the head of the parade, local veterans were being led by a veteran who happens to be Governor of the Commonwealth of Pennsylvania. Gov. George Leader joined the parade at its starting point in East Stroudsburg; rode with it to the cemetery where the memorial service was held.

Master of ceremonies at that service was Elmer D. Christine, local attorney and former State commander of the Veterans of Foreign Wars. The main speaker was Col. Clifford A. Poutre, commanding officer of Tobyhanna Signal Depot.

"This is not a happy occasion for me," Col. Poutre began. "In my 30 years in uniform, I've seen a lot of good comrades go down the long road."

Some of them, he said, lie on Pacific beaches; some along the side of the roads leading from Bataan. "Beneath a simple marker in Arlington National Cemetery, lies my roommate in college," he said.

Then he paused and said: "We don't want an oration here. The people we're honoring here today are your families and friends. They died for two reasons: To protect their country and in the hope that in fighting they could guarantee us peace."

"In these times it is necessary that we maintain large and strong armies. It is necessary that our National Guard be kept strong. We owe a great tribute to the men in our Army today."

Then the speech was over. The men in the green helmet liners jumped to their feet, realigning in rows, waiting for the volleys of shot from the firing squad.

As Rev. Harold C. Eaton intoned the benediction, a dark-green-gray plane with the word Army emblazoned in white across the belly of its wing came out of the southeast and moved in a low swing over the cemetery, flying toward the western sun.

The plane's shadow swept across the rolling earth, blotting the headstones and the people's faces looking upward, for a moment.

But nothing could blot out the tear-rimmed eyes of the woman standing at the side of the crowd, her left hand clutching a wet handkerchief and her

Choices Announced For 'Benjamin Rush' Award

MONROE COUNTY Mental Health Assn.—a brand new organization in this area which is now finishing its first year—and Mrs. Walter Dreher, one of the American Red Cross chapter's most untiring and devoted workers have been chosen to receive this year's 'Benjamin Rush Awards.'

The awards are given annually by the Medical Society of Monroe County. They honor an organization and an individual for significant contributions toward community health.

In announcing the selection, spokesmen for the Medical Society cited these major achievements on the part of the winners:

Mrs. Dreher has served in dozens of capacities, quietly and without any acclaim, with the local Red Cross chapter. She has worked long and arduously for the Blood Bank, in the rolling and preparation of wartime dressings and in the Gray Ladies.

The Monroe County Mental Health Assn., although a "young" organization, has set up one of the most extensive and far-reaching education programs ever undertaken in the field of mental health or health problems in this area.

During its one year of existence, the association has carried out a full-length survey of mental health needs in the area, has set up a strong and badly-needed volunteer service program for patients in mental hospitals and is working quietly and patiently to help those who suffer from mental illness find ways in which they may help themselves.

A complete documentation of the award winners' careers on the local scene is now being prepared. It will be submitted to the Pennsylvania State Medical Society where Mrs. Dreher and the MCHHA will compete with winners from other counties for the State Benjamin Rush Award.

Violent Demonstration Hits De Gaulle On Paris Arrival
PARIS (AP) — A violent demonstration against Gen. Charles de Gaulle erupted in the heart of Paris last night shortly before he and his wife arrived in this tense capital.

A number of persons were hurt.

There were also smaller scale demonstrations in other French cities, some for, some against the man summoned to be France's premier.

De Gaulle conferred at his home during the day with leaders of the strategically placed Socialist party, then headed for the capital with his wife. Their car was filled with luggage.

Deer Crash Into Window Of Garage
AFTER bounding through a large plate glass window at a Stroudsburg car agency yesterday morning, two deer made a hasty retreat through the same opening following a quick show-room inspection.

According to William Mellick, 912 Main St., the deer crashed into the Tucker Chevrolet Co. same address, about 6:30 a.m.

Circle Showroom
The pair apparently circled the showroom in an effort to find a way out—striking a display rack and scraping the motor parts counter as they raced by.

It was also reported that the two animals bloodied their noses during an attempt to break out through a second plate glass window. The pair finally found the opening they entered through and made their exit.

Governor In Favor Of Shortway

By Leonard Randolph

GOV. GEORGE M. Leader yesterday lined himself and his administration up solidly behind the Keystone Shortway.

In an off-the-cuff talk in East Stroudsburg, where he broke ground for the first section of the Stroudsburg Thruway, Gov. Leader said that the Shortway will "strengthen the economic structure of the entire Commonwealth and pose no threat to any city or any region."

In a direct reference to criticism of the proposed 290-mile route from Stroudsburg to Sharon, he predicted the Shortway will "strengthen the economic structure of the entire Commonwealth and pose no threat to any city or any region."

At the same ceremony, Gov. Leader announced:

One—that he has proposed that the Northeast Extension of the Pennsylvania Turnpike be made a part of the Interstate Highway System.

Two—that he intends to work toward making all roads on the Interstate system toll-free. He had previously demanded that the entire Turnpike system be freed of tolls at the "earliest possible moment."

"The Keystone Shortway, far from being partisan, is the product of bipartisan effort," he said. "A Democratic Highway Department prepared the proposal which was approved by a Republican Bureau of Public Roads."

"The people who will benefit subscribe to the belief of both major political parties. It must not be used as a lever to further the ambitions of any man, any political party or any group of men," he went on.

Prepared Statement
In a prepared statement, released in conjunction with the groundbreaking, Governor Leader said:

"The Shortway will bring untold benefits to this area and to the rest of the state. It will open new areas for industry and commerce, new recreational opportunities and new sites for homes."

"I am as resolute for the Shortway and its orderly development today as I was when I first proposed it as a free road; just as I am resolute in respect to the Schuylkill and Delaware Expressways."

"One argument used by opponents of the Shortway is that it will delay or halt construction of the Interstate System in other sections of Pennsylvania. This simply isn't true."

"Financing of the Interstate System provides for the construction of several projects simultaneously. We are doing that now. The construction program for the Shortway has been established so that it will not interfere, hamper or delay the work on highways in other sections of the State."

"Another important factor in the Shortway proposal is its necessity from a defense standpoint. This cannot be ignored now nor in the future."

"The controlled access standard of construction will make the Shortway one of the safest highways in the state. Property damage can be kept at a minimum on the route selected and this, in itself, is a factor in modern-day highway construction."

"I urge, too, that the Northeast Extension of the Pennsylvania Turnpike be placed on the Interstate System—by legislation, if necessary. And then I further propose that the bond holders be paid off with the Federal Government providing 90 per cent of the funds and the State 10 per cent. The State could finance its portion through the Pennsylvania Highway and Bridge Authority."

"I have this week asked the Secretary of Highways (Lewis Stevens) to prepare an application to be submitted to the U. S. Bureau of Public Roads recommending that the Northeast Extension be put on the Interstate System."

In further comments at the groundbreaking, Gov. Leader recalled that "back in July of 1954" (immediately after he had been

Sunday School Lessons

Lord Chooses Joshua As Moses' Successor

By Newman Campbell

OUR LESSON begins with the Lord commanding Moses to "get thee up into this mount Abarim (a mountain chain over against Jericho in the land of Moab, Palestine), and see the land which I have given unto the children of Israel. And when thou hast seen it, thou also shalt be gathered unto thy people, as Aaron thy brother was gathered."

Moses begged the Lord to appoint a new leader for his people, one whom the people would honor and obey—"Which may go out before them, and which may go in before them, and which may lead them out, and which may bring them in; that the congregation of the Lord be not as sheep which have no shepherd."

"And the Lord said unto Moses, Take thee Joshua the son of Nun, a man in whom is the spirit, and lay thine hand upon him; and set him before Eleazar the priest, and before all the congregation; and give him a charge in their sight. And thou shalt put some of thine honor upon him, that all the congregation of the children of Israel may be obedient."—Numbers 27:17-20.

Moses obeyed the Lord,

Joshua commanding the sun to stand still
"Be strong and of a good courage; be not afraid, neither be thou dismayed: for the Lord thy God is with thee whithersoever thou goest."—Joshua 1:9.

I'M ASHAMED OF MYSELF

Yes, I'm ashamed to admit that when I sent Eileen and Jimmy to Daily Vacation Church School, it was for a selfish reason. Having them at school each day would give me a couple of carefree hours of my own!

Then, the first afternoon, they came home bursting with enthusiasm. While I gave them a snack, they sang me a song they had learned, based on the books of the Bible—and they knew each one! Guiltily, I asked myself if I could do as well!

Vacation Church School will be over in another week, but in our house it's going to continue until fall. Each morning, Eileen, Jimmy and I will have a school session of our own, and they can help me re-learn some of the things I'd half forgotten. And when next summer comes, Eileen and Jimmy will be going to Vacation Church School again—but for themselves, this time, not for me!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Why Be Selfish?

Philadelphia's objections to construction of the Keystone Shortway are motivated purely out of selfishness and a total disregard for the best interests of the rest of Pennsylvania.

Certain sources in that city, led by Mayor Richardson Dilworth and the Greater Philadelphia Movement, have exerted all the influence they can muster to delay, if not prevent, a long-range program for building the super-freeway across Pennsylvania from Stroudsburg to Sharon.

They have seen fit to imply that backers of the Shortway want the entire 291-mile road built as quickly as human hands and machines can do the job.

Actually, all that the Keystone Shortway Assn. has asked is that an average of 42 miles per year be constructed so that the entire four-lane highway is completed by 1965.

Philadelphia's purpose in distorting the Shortway picture, of course, is to rally as many other sections of the state as it can behind the Quaker City's efforts to push immediate construction of the costly Delaware Expressway, along with the Schuylkill Expressway and connecting roads.

Gov. George M. Leader, here yesterday for the Stroudsburgs Thruway ground-breaking exercises, pointed out emphatically that construction of the Shortway on the time schedule adopted by the state and endorsed by the 27 counties located along the "Shortway Belt," would not delay construction of other highways on the federal interstate system.

Reserve Funds

Millions of Americans enjoy the comfortable feeling today of possessing investments as good as cash because they own U.S. Savings Bonds.

If they started buying bonds when the first one was offered for sale by the U.S. Treasury Department, they've been accumulating them for exactly 17 years. It was in May, 1941, that the first Series E bonds were sold.

Of course most persons redeemed their earliest certificates when they

The Pennsylvania Story

Democratic Goal

By Mason Denison

Harrisburg—Wrestling control of the 1959 Legislature from a long-standing Republican grip has been marked down by Pennsylvania Democrats as a "must" this year.

None will deny that the goal is not only ambitious but quite admirable as well.

However it isn't quite as simple as that. Wishful thinking is one thing — actual accomplishment something else.

Fundamentally it means a heavy thumb-thumping schedule on the local level—with Pennsylvania's five million-odd registered voters destined to bear the brunt.

As one Democratic old pro phrased it: "Before we're through, this Fall will seem more like old home week than anything else."

What he meant was that Democrats are going all out in their bid to retain their position as the party in control of the administration — primarily by local support pyramid to the statewide level, rather than the conventional peak of the pyramid carrying the lower row offices.

This in itself is somewhat of an interesting transition.

Double Emphasis Heretofore reliance has been placed on the statewide ticket carrying the local offices. In the upcoming campaign however greater stress is destined

to be placed on these lower offices providing the over-the-top push for the top spots.

This does not imply that top level effort and strategy are to be left standing by the wayside. Far from it.

It does mean that greater emphasis than ever before is to be placed on a tremendous build up of local support — in addition to the usual top level activity.

Top Democratic strategists have evolved this plan more from simple necessity than anything else.

This is the picture with which they inescapably are faced and which is responsible for bringing about this somewhat unorthodox program:

At the moment they are the registration underdog. The top headhunters around Capitol Hill are convinced they can reduce this edge even more by the time the November general election rolls around.

At the same time they are realistic enough to admit that complete elimination of the edge is an utter impossibility.

They are confident however that they will be able to squeeze through the November battle of the ballots as the winners by a possible hair—a view shared by an amazing number around Capitol Hill.

However to "insure" this hoped-for victory the strategy has been evolved for building up local support via local candidates for the Legislature — as providing the needed impetus to carry them over the Fall hurdle.

Whether this will work — or how well it will succeed — is anyone's guess. Registration underdog Democrats concede they need something like this — some new glumick strategy — to carry them over the hump.

However there is more to it than this. Democrats if they are going to win the governorship again, want a Democratic-controlled Legislature in 1959.

The past two legislative sessions during the Democratic Leader Administration when Republicans held the legislative upper hand all but sent the donkey riders to the walling wall in bitter frustration.

Another such patch-laying affair is something they are grimly determined to avoid if at all possible.

Dear Abby: I want to know if it is proper for a girl to ask a fellow when he intends to take her when he calls her up and asks for a date? I feel embarrassed to ask and then I start worrying about what to wear. I usually guess wrong and dress too dressy or too casual for the place we go. Thank you.

Dear Average: When a fellow calls a girl for a date he should TELL her where he intends to take her. If he doesn't tell her — she should ask him.

Dear Abby: I want to know if it is proper for a girl to ask a fellow when he intends to take her when he calls her up and asks for a date? I feel embarrassed to ask and then I start worrying about what to wear. I usually guess wrong and dress too dressy or too casual for the place we go. Thank you.

nominated Democratic candidate for Governor) he toured the entire Pocono Mountains area with a group of "dedicated local citizens."

"In the course of that day, I got to know your highway problems pretty well. At that time, you'll remember, local citizens were strongly objecting to a previous plan for a through-highway in this area," he said.

"We've certainly come a long way since then. Just as we have come a long way since August, 1955, when most of the bridges and highways in Monroe County were torn up," he continued.

"Today, you've made your way back from that . . . and you're on the threshold of an era greater than any you ever thought you'd have," he said.

"In all the major wars of this country, we have fought to make this a better country to live in. Anything government does is only important in the good it does for human beings," he said.

"I'm happy to be here with you today. And I'm grateful the Commonwealth can play a part in this program," he concluded.

The section of the Stroudsburg Thruway which is now beginning is the first of two phases of construction. It consists of 5.14 miles, begins at Delaware Water Gap and runs to Brodheads Creek. It will be 24 feet wide on each side of a concrete or earth divider.

Bids were taken on the first phase on May 9 with 12 bidders taking part. The contract was awarded Wednesday to James D. Morrissey, Inc., Philadelphia, on a low bid of \$5,164,308.

Morrissey was present at yesterday's groundbreaking. He was introduced to the audience, acknowledged their greeting, and promised to get the new highway built just as soon as possible.

General Chairman

General chairman for the groundbreaking was Clifford L. Cramer, head of the Monroe County Keystone Shortway Assn. Among guests Cramer introduced were:

Lewis Stevens, Secretary of Highways, who praised local residents for their spirit of cooperation in making early construction of the Thruway possible.

Stevens especially praised Charles Dellaria, 380 Prospect St., East Stroudsburg, on whose lawn the groundbreaking ceremony was held. Dellaria's is one of the homes which will be taken by the new road.

"Mr. Dellaria has been most cooperative with us. He told me, in conversation, that he recognizes that this may be unfortunate for him but that the construction of new roads is inevitable" and for the good of the entire community, Stevens said.

He commented specifically on the fact that Dellaria had worked with the Department of Highways "even though his elderly mother is ill in the house next to this one. You couldn't ask for a better American citizen," the secretary said.

Gov. Leader was introduced by Burgess Jesse R. S. Flory of East Stroudsburg. In his introduction, Flory said: "We citizens of the Stroudsburgs are distinctly honored today by the presence of the Governor of our state."

Invocation was given by Rabbi Joshua Soden of Temple Israel. Benediction was pronounced by Father Harold G. Durkin, pastor of St. Matthew's Roman Catholic Parish. Rev. John A. Bollier gave a brief talk on the meaning of Memorial Day.

At the close of the groundbreaking, Gov. Leader and his party joined the annual Memorial Day parade through the two boroughs.

Governors Of Two States At Airport

MOUNT POCONO—Governors of Pennsylvania and New York flew into the Municipal Airport here yesterday while enroute to speaking engagements at nearby communities.

In addition to the arrivals of Governor George M. Leader and Governor Averill Harriman, the airport received more than 30 individually-owned aircraft—representing various flying clubs in this state, New Jersey, New York, Connecticut and Ohio.

First to arrive was Gov. Leader who later participated in groundbreaking ceremonies for the Stroudsburg Thruway. After appearing in a Memorial Day parade in Stroudsburg and East Stroudsburg, which followed, he returned here for the return flight to Harrisburg.

Praise For Airport

Gov. Harriman, traveling to Unity House, ITU, at Forest Park, praised the Airport Authority upon his arrival. The rear runway of an approach to the field, he said, was better than many he had landed on.

After praising the authority for its progress, he then remarked he would look forward to landing on the forthcoming 4,200 foot air strip, on his next visit to the Poconos.

Both state officials were greeted by Mount Pocono Airport Authority Chairman R. LeRoy Dengler (right) and John F. O'Neill, executive secretary of the Top of the Poconos Resort Assn.

Low Bid For Bridge On Route 90

GASPARINI Excavating Co., of Peckville, was announced yesterday as low bidder for reconstructing the Route 90 bridge south of Annalind.

Its bid of \$547,966 was lowest of 14 opened Thursday by the State Highway Department in Harrisburg.

Construction

The project calls for the construction of one plate-girder and I-beam bridge, one reinforced concrete arch bridge and blacktopping of .88 mile of roadway, 22 feet wide.

The new bridges will cross Brodheads Creek and tracks of the Lackawanna Railroad and will replace the bridge washed out by the August, 1955 flood.

Worthington Employees Vote Against Union Affiliation

BY A 90 TO 40 vote, production and maintenance employees of Worthington Mower Co., Stroudsburg, decided Thursday against affiliation with the International Association of Machinists, AFL-CIO.

The election was conducted by Chester Montgomery, of Philadelphia, regional examiner for the National Labor Relations Board. It was ordered by the board upon formal request of the machinists' union.

Montgomery reported a total of 131 votes cast—90 against a union, 40 for, and one ballot invalidated because it contained no marking. Four employees who were eligible to vote were ill at home and another one reported too late.

Third Time

This was the third time the IAM had sought to become the bargaining agent for Worthington employees. The first time, seven years ago, the union withdrew after an election had been ordered. Then, four years ago, the machinists' union again petitioned NLRB, and was defeated by a margin of about 10-15 percent.

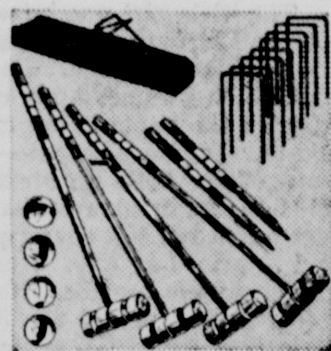

Stuart Pipher, president of the Central Labor Union of Monroe and Pike counties, said Thursday's election went off smoothly. He credited the two labor board representatives who conducted the election and supervisory personnel of the Worthington firm.

H. G. Sanborn Jr., general manager of Worthington Mower Co., said he interpreted the decisive margin in favor of no union as a vote of confidence in the management and its policies.

Worthington Mower, a subsidiary of Jacobsen Manufacturing Co., is engaged in the production of mowing machines and golf carts.

Just Between Us — —

—By Bobby Westbrook

It's always a holiday full of hails and farewells. For the college kids it's both a parting from campus and roommates and a welcoming of the members of the Shawnee Women's Golf Assn. aren't the squealing type, but there was certainly warm welcomes at the opening luncheon yesterday afternoon.

After the "final meeting" notes of the past month it's rather a comfort to hear the "welcome to summer" chord strike. By the way, for the crispest business-meeting-conductor on record, male or female, may we nominate Joyce Pedersen?

But don't think because she's efficient that means she's routine. Bet Fred Waring was never introduced before with a casual "We seem to have someone left over" or that Jeanette Batory knew she was the new "chairman of health and welfare" or that Betty Patterson was ever before accused of having borrowed the table decorations from the memorial committee.

Well, it seems the Shawnee Women Golfers are off to an interesting start. And at long last the Daily Record staff ended up a holiday without feeling like the world's orphans. There's always a lot of self-pity around an editorial office which is in business on a holiday.

This year, thanks to Bob Clark's Dotty, we had our holiday, too. She kept two grilles going all afternoon in her backyard so that we could come and roast our hot dogs in shifts with the families keeping the children happily occupied.

It was a wonderful chance to see how they've all been growing and to admire the father-son-baby shirts Carol Riley had made to match, and to feel sort of normal, somehow.

Hamilton PTA Benefit Today At Fairgrounds

Hamilton Township — Mrs. Dorothy Koehler, a past president of the Hamilton Township Parent-Teachers Association, installed officers for the 1958-59 term when that organization met at the Hamilton Elementary School, Sciota, on Monday night, May 26. Officers for the coming year are: William Hildabrandt, president; Bernard Smith, vice-president; Mrs. Robert Hedgelon, secretary; Mrs. John Edinger, treasurer.

End of the term reports were presented by committee chairmen with progress shown in all departments.

Final plans were made for the Sally Starr Show and May Day Festival which will be held at the West End Fair Grounds, Gilbert, on Saturday afternoon, May 31, rain or shine. Announcement was made that all helpers should report for work at 10:30 a.m. or as soon after that hour as possible.

The Sally Starr performance will begin at 1 p.m. and will be followed by a period when the children may talk to Miss Starr and get her autograph. She will also distribute free bubble gum and candy.

At the close of the Starr show the Hamilton School Band, under the direction of Walter Lane, will present a concert.

For the amusement of the children there will be pony rides, a fish pond and cake walks.

All kinds of refreshments and homemade articles will be on sale.

All children attending Hamilton Elementary School will be admitted free and will also receive a refreshment ticket entitling them to several free treats if accompanied by a parent. All children under six will be admitted free of charge. A small donation is requested from other persons to help cover the cost of paying the expenses for the Sally Starr show. Parking will be free.

There has been some discussion concerning the transportation of school children to the festival and it was stressed that a bus will NOT transport the children from the school to the Fair Grounds.

All persons having unsold tickets were requested to return them to Douglas Henry or Mrs. John Edinger before Saturday, May 31.

Plans were made to hold the next regular PTA meeting on the fourth Monday night of September.

Refreshments were served by the committee of home room mothers.

County Pays Tribute To War Dead

(Continued From Page One) right hand clamped firmly on the shoulder of her son.

In a time of war the plane could have been armed with strafing guns. And the speaker's voice could have been much less calm.

The crowd lining the streets might have been any crowd in any town or city—in Seoul, Korea after World War Two; in Paris; in London.

But this was Stroudsburg on a quiet Friday afternoon. And Monroe County was paying homage to all the men who had died in the strafing gunfire or had lived to enter Seoul or Paris and give men freedom if they wanted it.

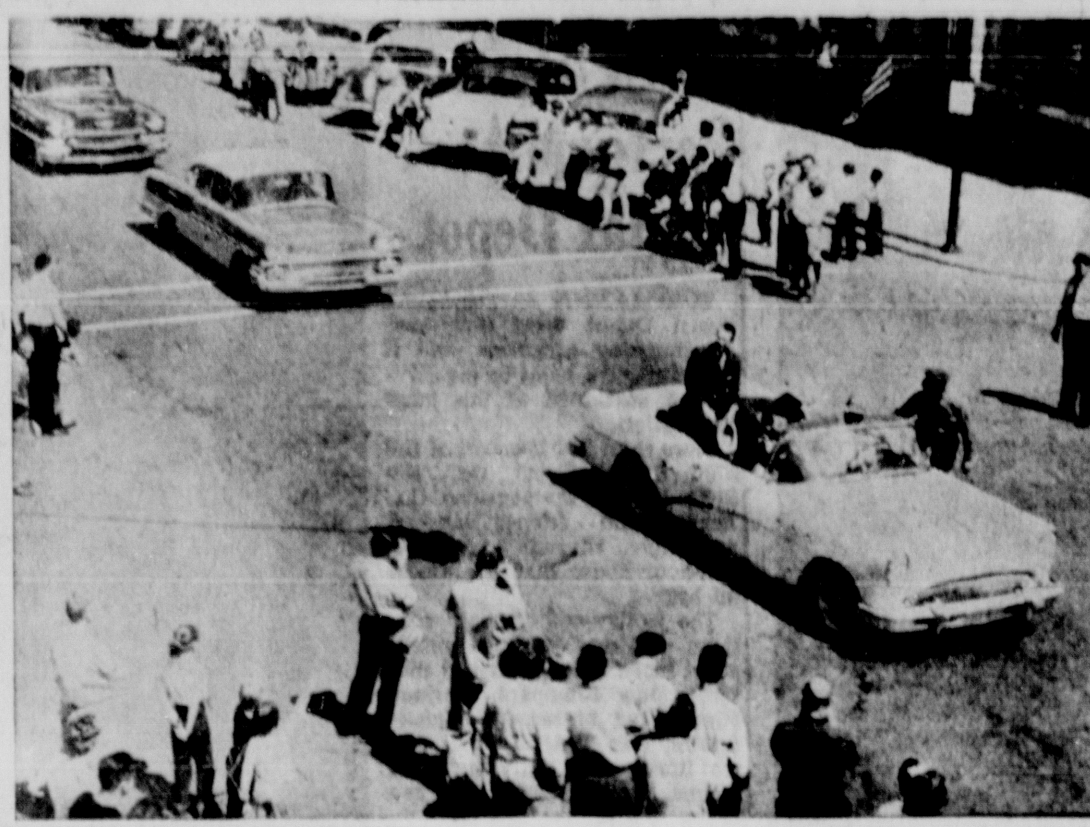

For the men in the two companies of the 109th Infantry, for the Boy Scouts and the others assembled, the prayers of the afternoon could have had a strong meaning.

There was, after all, one prayer in the hearts of most of the people there:

That these uniformed young men standing between the graves of the centuries might never have to bury their own dead or carry death in their hands for other men.

at 2 p. m., Monday, from the Lanterman funeral home, Rev. Harold C. Eaton will officiate and interment will be in the Sand Hill Cemetery at Bushkill.

Friends may pay their respects between 7 and 9 p. m., Sunday at the funeral home.

LOCAL DIGNITARIES present at Gouldsboro Lake State Park dedication were (left to right) Wil. lard Quick, W. Adolph Rake and John R. Lesoine, Monroe County Board of Commissioners and C. Elwood Huffman, president of the Pennsylvania State Game Commission. (Staff Photo by Randolph)

TIME OUT FOR CHILDREN—Wherever he went yesterday, Gov. George Leader seemed to attract young people in conversation. Here, at park dedication at Gouldsboro Lake he takes time to talk with Ellen Comerford, 9, of Scranton. Ellen's dad, Michael and her brother are visible in background. (Staff Photo by Randolph)

Gov. Leader Opens Park To Public

(Continued from page one)
Gouldsboro Park, he said, had been done by Department of Forests and Waters personnel in cooperation with the Fish Commission.
The Gouldsboro Park is, perhaps more than any other in the State, a result of close cooperation between the two State agencies—Forests and Waters and the Fish Commission. The Commission—aided by Federal funds from taxes on fishing tackle—purchased the lake.

Areas around the lake have been developed by Forests and Waters. The lake has a maximum depth of 18 feet. Fish species include pickerel, bass, walleye-pike, sunfish, catfish, suckers and carp.

Water Supply
The water supply is derived from a small brook and a number of springs. A small tributary of the Lehigh River provides the drainage.

Among the honored guests seated on the speakers' platform at the park was John R. Lesoine, chairman of Monroe County Board of Commissioners. In brief remarks, Lesoine said: "We are especially thankful that the current administration under the guidance of Governor Leader and with the assistance of his capable cabinet, has made possible the establishment of this State park in our area."

Show Stars Perform At Signal Depot

TORPHANNA — Tobyhanna Signal Depot went Hollywood on Thursday afternoon and it was plenty all right by the servicemen stationed at this huge installation.

More than 200 members of the 579th Signal Depot Co., the 510th Signal Maintenance Co., families and friends laughed and swayed through a scheduled half-hour show that ran almost an hour.

The Hollywood troupe consisted of Mona Freeman, veteran of more than 30 motion pictures; Jan Sheppard, former Miss United States, from Quakertown, Pa.; Tracy Roberts, the real life Brenda Starr; and Nick Adams, Nanticoke's gift to the acting world.

The troupe appeared at the Signal Depot through the courtesy of George Colovos, new owner of High Point Inn, where the Hollywood personalities opened Thursday night.

Col. Clifford A. Poutre, depot commander, who arranged for the show, introduced Colovos, who in turn introduced the troupe.

Judy Manners

The show, held in the administration building, opened with Judy Manners, the mistress of ceremonies, singing an extremely popular version of "He's Got the Whole World In His Hands."

Miss Manners was accompanied by Matty's Brothers, who later brought down the house with humorous routines, including "Rosey O'Grady's Daughter" and "Who Stole the Kishka?"

Miss Freeman, who has starred in such shows as "Battle Cry" and "Danger Signal" spoke briefly to the group and lived the proceedings with a bit of humor.

Adams, who turned out to be one of the hits of the show, got right down to some "service talk" and had the servicemen loose for the remainder of the program. He explained that he had been in the Navy four years and had just finished making "No Time for Sergeants," where he took out some frustrations built up in the Navy.

Adams has played roles in Mr. Roberts, Picnic and Teacher's Pet.

He gave impersonations of Jimmy Cagney, Cary Grant and Marlon Brando. He also chimed in with a violin routine from time to time during the program.

Kathy Nolan, who plays "Little McCoy" in the television series, "The Real McCoy's," made a big hit while speaking to the troops and singing "Side by Side" with Miss Manners.

Miss Nolan will always be remembered for the role of "Wendy" she played in "Peter Pan," with Mary Martin.

Opposite Elvis

Miss Sheppard played opposite Elvis Presley in his latest movie, "King Creole," and has also appeared in other films, such as "Sabre Jet." She also appears on the Dr. Christian television series, opposite McDonald Carey.

She spoke to the troops on Thursday.
Miss Roberts, who has worked with Bing Crosby in "Anything Goes" and Dane Clark in "Fort Defiance" wowed the boys with a dazzling smile and a popular routine of "chit-chat." She has also appeared on such (Please turn to page nine)

Two Lanes Open On New Bridge

TWO LANES of the new four-lane Pocono Creek bridge on Stroudsburg's West Main St., were opened to traffic Thursday afternoon.

Police Chief James McConnell reported the first cars began moving over the structure shortly after 2 p. m.

It was the first traffic to cross the creek at this point since last September when a temporary span was razed.

Washed Out

The removed bridge had been erected temporarily to replace the span washed out during the August 1955 flood.

During construction of the newly opened structure, cars and light trucks used an earthen causeway a short distance downstream. High water washed the causeway out in December, and it was closed frequently for repairs during the nine months of its existence.

ESSTC Frosh Entered In Pageant

MISS KATHLEEN Collins, better known to her friends at East Stroudsburg State Teachers College as "Kathy", is being sponsored by the Stroudsburg Businessmen's Assn. in the upcoming "Miss Pocono Mountains" Pageant, June 7.

The popular college freshman is a graduate of Easton High School, where she was active in all school programs. She plans to teach Social Studies. "Kathy" is a dark-haired, brown-eyed Irish beauty with fair complexion. Her measurements are 34-24-36 and she weighs 135 pounds, stands five feet and one-half inches tall, and wears a size 12 dress.

Her hobbies include swimming, outdoor life, and particularly reading. She will give a three-minute talk entitled "My Ideal of a Career" in lieu of a routine talent at the pageant.

According to John Watt, representing the Stroudsburg Businessmen's Assn., "Kathy" would like to further her education upon graduation at ESSTC at a college specializing in Social Studies.

Praise For Area

"In the meantime," says Kathy, "I prefer to find a nice summer position somewhere in the Poconos, because I am so very fond of this part of Pennsylvania. I just love the Poconos and am delighted to represent the Stroudsburg Businessmen's Assn. in the Miss Pocono Mountains Pageant."

Contestants of the local contest, judges, chaperons and committee heads will be guests of George Colovas, High Point Inn, Mount Pocono, on Saturday, June 7. Following luncheon, the swim-suit competition will take place around the outdoor pool and the public is invited to attend.

Contestants are required to wear one-piece swim suits with straps of a solid color.

The final judging will be done at 8:30 p.m. in the East Stroudsburg State Teachers College auditorium.

Stars Appear At Depot

(Continued from page eight) television shows as "Dragnet" and "Restless Gun". She will star in the Brenda Starr series next year.

Dick London, well known as Morgan Earp, brother of television famous Wyatt Earp. London has also performed in movies such as "Battle Stations".

The Trio Martino, straight from Cuba, played several numbers and the show ended with Miss Manners and Matty's Brothers in a song-comedy routine, which featured a series of "Roaring Twenties" numbers.

The troupe drove to High Point Inn from New York on Wednesday night. The group was supposed to fly, but be-

cause of overcast conditions was asked to drive. On Thursday they were flown to High Point by helicopter.

Film To Mark Final Youth Rally

TONIGHT'S Youth for Christ rally will be the last rally of the 1957-1958 season.

Featured on tonight's program will be the film "The Great Discovery", starring Colleen Townsend.

Several years ago Miss Townsend gave up a bright future as one of Hollywood's up-and-coming starlets. At that time she announced that her life would now be devoted entirely to Christian activities. She is now actively aiding her preacher husband, Rev. Louis Evans Jr., in his pastoral duties.

Tonight's film centers around a young teen-age girl who does not seem to find the answers to her questions in the things of the world. Accompanying a group of teen-agers on a week end retreat, sponsored by their church she is brought face to face with the fact that the answer to the teen-ager's problems is found in Jesus Christ.

Bob Bullock director of the local Youth for Christ group reports that over 30 Saturday night rallies have been held throughout this past season with attendance growing to an average of 175 per rally. In the course of the year's activities, 67 young people have publicly declared their desire to trust Jesus Christ as their saviour and Lord.

Rallies will be resumed the first Saturday in September. Three or four social activities will be held throughout the summer.

Bryan Wins 500-Mile Race; O'Connor Killed, One Hurt

By JERRY LISK
INDIANAPOLIS (AP)—Steady-driving Jimmy Bryan, in last year's winning car, Friday captured the 42nd Indianapolis 500-mile auto race, joined by a 12-car smashup which killed veteran Pat O'Connor at the start.

Bryan, national big car champion, won by 27 seconds over rookie George Amick, 33, tiny driver from Venice, Calif., in the event's second fastest time, 133.791 miles an hour.

O'Connor, 29, making his fifth speedway start, perished in flames after his car turned over in the awesome pileup as the 33-car field took the northeast corner for the first time.

Shoulder Injury
Miraculously, only one other casualty—that a dislocated right shoulder suffered by Jerry Unser—resulted from the whiplashing of the dozen cars which kept the race from hitting top speed for 25 minutes.

Bryan, 31, from Phoenix, Ariz., won as expected in the yellow, flat-engined Belond Special which also gave now-retired Sam Hanks his first 500 triumph last year.

Bryan's winning time was not too far behind Hanks' record 133.601 m.p.h. last year.

However, Bryan got competition until his third, well-timed pit stop, from Amick, who finished strong; Johnny Boyd of Fresno, Calif., who finished third; Jim Rathmann of Miami, fourth and Hansen of Tinley Park, Ill., fifth.

Sixth was Jimmy Reece of Indianapolis; seventh, Don Freeland, also of Indianapolis; eighth was Jud Larson, another rookie, Hickman Mills, Mo.; ninth, Eddie Johnson, Cuyahoga Falls, Ohio, and tenth, Bill Cheesbourg, Tucson, Ariz.

OFF THE RECORD
By Bob Clark
Sports Editor

SHAWNEE INN and Country Club has come up with a gimmick which will make all of its tournament golfers happy and full.

Recently the Country Club wondered how it was going to serve luncheon to a 19-19-190-golfer entourage.

The idea came to officials, "Why not serve the linksmen at a point halfway through their round."

Shawnee did and the "chow" and setup was termed a success. Now it will be a permanent part of every tournament at the Delaware River acclaimed "Golf Capital of the East."

Harry Bombar, of Scranton, took over first place in the Handicap Division of the Pocono Mountain \$20,000 Bowling Tournament. Bombar rolled an 888 the other night to replace Donald Casey of Moose who had led the handicap pack for three weeks with 854.

Another newcomer—Bob Klam, of Brooklyn, N. Y.—tied Casey for second place with an 854.

Tom Hennessey and Buzz Fazio, two pros, are still leading the scratch side of the PMBT. Hennessey, of St. Louis, has 801, while Fazio, of Detroit, trails with 798.

Burt Van Rosendael, headwaiter at Pocono Manor, achieved the goal of many golfers Wednesday by getting a hole-in-one.

Van Rosendael, playing with five other shotmakers, made his ace on the 18th hole at the Pocono Manor Golf Course.

Dave Nevil finished the Lehigh University baseball season with a .189 batting average. Nevil who was used sparingly at the start of the Engineers campaign moved into a regular first baseman and catcher berth midway in the campaign.

In 37 times at bat, the former Stroudsburg High athlete, garnered seven hits, including two doubles and a home run. He also scored four times and drove in seven runs.

Bob Richards and his federation of sports group isn't starting anything new hereabouts in the way of push-ups daily to keep the body fit.

At least that's what Jack Mullins, prey of the Stroudsburg Little League, clamors.

"I've been doing push-ups daily for quite a spell," Jack avers. "Every morning when I get up it is nothing for me to do from 10 to 20."

One thing, Mullins has in his favor is his waistline, which has a 10-push-up look.

Bucky Jones, one of the genial hosts at the Central Labor Union Club, claims he was one of the best golfers around during the late twenties and early thirties.

Bucky, who even went as far as to wear the now-extinct knicker, says he hovered in the low 70s when he was playing the sport every day.

However, when his arch-pal "Fat" Lee and East Stroudsburg Councilman Wade Arnt requested a special match to see if Jones had any of that so-called "touch" left. Bucky nixed the invitation saying, "I'm willing to sit on my laurels."

It would be quite a match, even with Bucky's background on the links. But it had better be played on a pitch and putt course to "save" the fees from willing away.

Homer Decides It
LEIGHTON—Glenn Warner's home run in the eighth inning broke up a brilliant pitching duel between Reiders' Larry Butz and Denny Roth to give Lake Harmony a 1-0 victory here yesterday.

Butz had the better of the duel for seven innings—not allowing a hit. But his mates failed to get him some runs, leaving 11 stranded throughout the game.

Butz allowed only four hits over the route, while his mates touched Roth for six. However, Roth was tight in the clutches, fanning 14 enroute.

Reiders' Slinger was the game's only two-time hitter, getting a single and a triple.

First Time Is Best Time Stags Gain District Final As Haag Stops Tunks, 4-0

TUNKHANNOCK—A first time seems to be a best time for coach Henry Arneberg's Greene-Dreher-Sterling High's baseball team. Thursday night, the Stags, playing their first game under the arched, blanketed Tunkhannock, 4-0, to advance into the finals of the District 12, PIAA, playoffs.

Behind Bob Haag's two-hit hurling, Greene-Dreher handed Tunkhannock its first loss in 12 games this year, and also slapped highly-touted hurler Don Hudak with his first hit setback in 14 outings on the mound over a two-year span.

The Stags, winners of the Wayne County League crown, got only three hits off Hudak but used the safeties to good advantage in putting across their four markers.

Get Hits
Don Olsommer picked up one of the hits—a double—off fast-balling Hudak, while Haag and Jimmy Scot garnered the other two—both singles.

By virtue of the win, Greene-Dreher-Sterling will meet Elk Lake for the district crown, June 11, at Factoryville, starting at 2 p.m.

The Stags won't be idle until then, however, as they host Waymart Tuesday in a 2:30 p.m. duel.

Lafayette Wins District Title
PHILADELPHIA (AP)—Al Caesar's three-run homer made the difference Friday night as Lafayette (18-7) defeated NYU 5-1 for the NCAA District 2 baseball championship at Connie Mack Stadium.

The Easton, Pa., team enters the college world series June 13-18 at Omaha, Neb.

Lafayette entered the tournament as substitute when Delaware, Middle Atlantic Conference champion, decided not to compete because of final examinations.

Caesar, who had two hits last night when Lafayette beat Penn State 9-1 in the semifinal, hit his homer into the upper deck in left field with none out in the fifth to make a loser of NYU starter Frank Gherardi.

Philly Treatment For Ed Bouchee

PHILADELPHIA (AP)—Eddie Bouchee, star first baseman of the Philadelphia Phillies, will be transferred from Connecticut to Philadelphia Wednesday for further psychiatric treatment.

Bouchee, convicted of indecent exposure in a morals case in Spokane, Wash., last March, has been undergoing treatment at the Institute of Living in Hartford, Conn.

Bob Carpenter, Phillies president, said Friday that Dr. Frank Braceland, the Hartford psychiatrist treating Bouchee, recommended the ballplayer be sent to Philadelphia to live "in an atmosphere where he can be in daily contact with his family and friends."

Carpenter said Dr. Braceland informed him Bouchee has made excellent progress. The degree of Bouchee's need for further treatment has not yet been determined, Carpenter said.

Stock Car Races Tomorrow At Nazareth Fairgrounds

NARAZETH—The New York-New Jersey-Pennsylvania stock car favorites—rained out four times out of five—will be back at the Nazareth Fairgrounds this coming Sunday afternoon, June 1, at 2:30 o'clock, for a full program of speed events.

The 40-car field, led by Lebanon's sensational Dick Tobias, and challenged by the 1955-56-57 champion Otto Harvi, Easton, will race in three 10-lap heats, a 12-lap consolation, and a 25-lap feature event.

The big surprise at Nazareth was Tobias—a newcomer on May 18, who finished second in his heat, and then ran away from the entire field in the feature race. Tobias, a mild-mannered pilot, who does all his talking with his race car—No. 17.

The Nazareth track will continue its afternoon races on Sunday until further notice.

The track itself, which was rebuilt over the winter, was in tip-top shape for Tobias two weeks ago. The Lebanon star not only won his race, but set an all-time record for 25 laps—12 minutes, 14.2 seconds.

Besides Harvi, there will be the speedy Fred Fehr, Sonny Strupp, Blackie Reider, Art Scott, Ralph Smith, Harry Charles, Junior Metz, Stan Metz, Marty Acker and dozens of others.

Japan Monopolizes Games

TOKYO (AP)—Japan monopolized swimming, shooting and women's tennis Friday but it also was a great day for Pakistan and not so bad for the Philippines at the nearly completed Asian Games.

Japanese Olympic swimmer Tsuyoshi Yamanaoka bettered the listed world 400-meter freestyle record as the host country collected nine gold medals for a grand total of 49. The other 19 countries have 25 among them, after six days of competition.

Yamanaoka crawled a brilliant 4:23.9, exceeding Australian Murray Rose's 1956 world mark of 4:27.0. Another Aussie, 15-year-old John Konrads, however, has a mark of 4:21.8 pending recognition.

Philippines' Davis Cupper Raymundo Deyro won the men's singles tournament over fellow Davis Cupper Felicissimo Ampon, 6-4, 9-7, 4-6, 7-5. It gave the second-place Philippines their sixth gold medal of the games, which end Sunday.

Pakistan's great moment came in holding India's world champion field hockey team scoreless and winning the gold medal on the basis of being unscored upon. South Korea had scored one goal against India during the games.

Japan collected five gold medals in swimming and one each in the small-bore rifle, prone, firing; tennis women's singles and mixed doubles and 2,000-meter tandem bicycle scratch race.

Japan, the unofficial Asian Games champion, led under the Olympic style point scoring system with 77.5. The Philippines virtually clinched second with 29.4. Nationalists China 18.5, Pakistan 17.4, Iran 16.9, South Korea 12.5 and India 9.0 trailed in that order.

Bracken Victor Over Filipino

MELBOURNE (AP)—George Bracken, 134½, Australia's lightweight boxing champion, Friday easily outpointed Tommy Romulo, 139½, Philippines, in a 12-round bout at the Melbourne Stadium.

Den Mother Honored In Promised Land Meeting

NEWFOUNDLAND—Mrs. Eleanore Staph was presented with a certificate of appreciation as a retiring den mother during the final pack meeting of Pack 129 held at Promised Land State Park. Cubmaster Ralph Carlton, Greentown, made the presentation, expressing the thanks of scouting officials for the "excellent cooperation and continued enthusiasm" shown by Mrs. Staph during her tenure. She will be succeeded by Mrs. John Tobey.

Awards
Awards were also given by the cubmaster to these boys during the session: Leonard Razny Jr., bobcat badge; John Young, bear badge and silver arrow; James Carlton, lion badge and gold arrow; Gary Carlton, wolf badge.
The meeting was part of a picnic and fishing trip for the cubs and their families at the park. The boys spent most of the evening, but reported little success except for species out of season. Only one "keeper" a sunfish, was caught.
The pack meeting ended activities for the unit until September, when weekly den meetings and monthly pack sessions will again be held.
